

For Lizzie

(Lyrics and Music by P. S. Chodak © 2022)

Just a year ago,
I was alone searching for somebody,
Then she came along,
Lifted me up and held me closely .

She was an angel,
I am sure she was sent down to me,
Luck has come my way,
Helping me through the darkness.

Lizzie was her name,
A bavarian girl,
She was not the same,
She was a special girl.

Then I had to make a journey,
Cross the sea don't know what will be,
Hoping that I'll see my girl,
And we can be together.

Then one day to my delight,
She came and I embraced her,
Sharing all our thoughts and fears,
(A)bout our future plans here.

Lizzie was her name,
Lovely and sweet, so pure,
She was not the same,
Something I know for sure.

Then the time came to decide,
Which path to follow,
Destiny will lead the way.

No looking back,
As we go on into our future,
Upward and onward all the way.

Soon we were travelling,
Blue sky above and sunshine,
Good times are waiting,
Things are gonna be fine.

I'm feeling so happy,
With Lizzie by my side,
And I never thought that,
A smile could be so wide.

Lizzie was her name,
A bavarian girl,
She was not the same,
She had a special twirl.
