

Our Future

(Lyrics and Music by P. S. Chodak © 2018)

Once we were two, then we were three,
Now we are four, growing more and more,
I don't know how, I felt before you came,
I just know that it's now and it's here.

Learning to live with you, learning to share with you,
Learning to know you, growing to love you,
I know it's hard, but we will work it out,
We must have hope, we must have faith to see it through.

I just wanna go home,
Leave me I just wanna go home.

I can see, how it will be,
Before you know, it all just disappears,
Life runs its course, so you must be sure to try,
To make the most of what you have all the time.

I just wanna go home,
Leave me I just wanna go home.

Late at night, when silence is golden,
You think to yourself, has it all worked out as planned,
You pause for a while, before you realise,
You wouldn't have it any other way.

I just wanna go home,
Leave me I just wanna go home.

I just wanna go home,
Leave me I just wanna go home.
